

IMPORTANT FEATURES!

Two important features that will not transfer over with your new guide is the **“Clock Display”** on your digital box and the **“Auto Tune”** functions. Both of these settings are very easy to set up and can be done so with the below instructions.

“Clock Display”

- Press the Menu button twice on your remote control
- Select “Setup”, Press “OK”
- Select “Cable Box Setup”, Press “OK”
- Select “Current Channel”, Press the right arrow on remote control
- Make sure the “Front LCD Panel” is showing “Current Time”
- Press “OK” then exit

“Auto Tune”

- Press the menu button twice on your remote control
- Select “Setup”, Press “OK”
- Select “Guide Setup”, Press “OK”
- Select “ Channel Entry Behavior”, Press left arrow once
- Make sure the “Auto Tune” is showing
- Press “Ok” then exit

“AC Outlet Activation”

- Press the menu button twice on your remote control
- Select “Setup” and Press “OK”
- Select “Cable Box setup” and press “OK”
- Select “AC Outlet” and press the right arrow key once
- Make sure “Switched” is showing
- Press “OK” and then exit

We apologize for any inconvenience these steps may have caused. At Bright House Networks, we’re committed to delivering to your home cutting-edge technology you can’t get elsewhere.
